War on Us!**

We are living in an unprecedented era of Mass Incarceration. There are now 2.4 million people imprisoned in the U.S. and a disproportionate number are Black and Latino. It is clear that the so called "War on Drugs" is really a war on communities of color.

Since 9-11 our government has also been waging the "War on Terror" in Muslim nations across the globe. In order to carry out these wars abroad our government must demonize the entire Muslim American community here at home. The NYPD is one of the biggest perpetrators of Islamophobia through surveillance, spying, pre-emptive prosecutions and entrapment.

Muslim Americans now face the racial profiling and discrimination that the Black and Latino community has faced for decades. An injury to one is an injury to all! Join us in an anti-Islamophobia contingent on June 17 as part of a silent march in solidarity with civil rights, faith, labor and community groups to stand up to the NYPD and "Say No!" to racial profiling.
