

# RALLY to SUPPORT the FORT DIX 5 THURSDAY, MAY 26

FEDERAL BUILDING (6TH & MARKET), 12 NOON - 3PM

On the day defense attorneys will be making oral arguments in the legal appeal against the convictions of the Ft Dix 5, we ask everyone who believes in the right to a fair trial to attend this rally.

These five innocent men were convicted in 2009 because of the prosecution's repeated efforts to sow fear and hostility towards Islam within the jury. Such Islamophobia in society leads to discrimination against Muslims, exclusion of Muslims from mainstream political or social process, stereotyping, hate crimes, and especially in this case, the presumption of guilt by association.

These victims of prosecutorial persecution received astounding sentences of up to life in prison plus 30 years, for acts that never took place and for which no one was ever injured or killed.
