The U.S.-led North Atlantic Treaty Organization (NATO) and the G-8 world economic powers will meet in Chicago, May 19-22, to plan their financial and military strategies for the coming period. These elites, who serve the 1% at home and abroad, impose austerity--often by the use of drones, armies, and the police--on the 99% to expand their profits.

Join activists from the antiwar, occupy, environmental, immigrant rights, labor, and other movements at a conference from March 23-25, 2012 to learn more, to plan a May 19 "No to NATO/G8" demonstration in Chicago, and to democratically develop a program of action for the months to follow.
