

LET EVERY DAY BE MAY DAY!

A STATEMENT BY THE UNITED NATIONAL ANTIWAR COMMITTEE

On May Day, we celebrate the struggles of the international working class and the oppressed and exploited everywhere for peace and justice.

LET EVERY DAY BE MAY DAY!

On May Day, we pledge to renew our commitment to end all wars of plunder and conquest abroad and all the wars against working people at home. Bring all the war dollars, war contractors, mercenaries and troops home now!

LET EVERY DAY BE MAY DAY!

On May Day, we fight for a world without walls and borders, a world where every human being is welcome – where our sisters and brothers of every nationality, race and creed join to win humanity's dream for freedom and equality. Full legalization now! End all deportations now!

LET EVERY DAY BE MAY DAY!

On May Day, we rededicate ourselves to working class solidarity against the boss class offensive – to strengthening and expanding our unions – to accepting nothing less than quality Single Payer health care for all, guaranteed pensions, a ban on foreclosures, a sustainable environment and jobs for all at top union wages.

LET EVERY DAY BE MAY DAY!

On May Day, we stand together against all attacks on civil liberties and democratic rights. We say “No to the attacks on Muslim communities! No to FBI subpoenas and witchhunts! No to racist attacks on our Black and Brown brothers and sisters! Free Bradley Manning/Hero not criminal! End all attacks on WikiLeaks! No to renditions and torture!”

LET EVERY DAY BE MAY DAY!

And on May Day, we stand in solidarity with the people's struggles against tyrants, dictators and bosses here and everywhere. No to U.S. intervention! The masses will liberate themselves! No to U.S.-imposed “regime change!” No to U.S. Aid to Israel! Self-determination for all oppressed people everywhere! U.S. out of Iraq, Afghanistan, Pakistan and Libya now!

LET THIS DAY AND EVERY DAY BE MAY DAY!
